

PO TUI Monica di Sardegna DOC

Technical Data

Type: Monica di Sardegna DOC

Bottle size: 75 cl.

Alcoholic content: 14.5% vol.

Appearance: Ruby red color with garnet reflections, disturbing.

Perfume: It captures the attention with an explosion of fruity, cherry and blackberry aromas that go as far as jam.

Flavor: On the palate caressed by soft tannins, after the first sip, the freshness of the fruit and a surprising sapidity remain imprinted.

Curiosity

A woman's name, Monica, for a D.O.C. that covers almost all of Sardinia. From the Cagliari area up to the north, in the Sassari vines. A woman's name to tell a story of contaminations, those that make our tradition precious: this native, in fact, currently only present in Sardinia, is said to have been brought to the island by the Spaniards. A piece of history in the glass, to all intents and purposes.
